Dear Roger and Glen

I felt I had to write to you both to thank you for the magnificent job you did for us at the LIVE8 "Africa Calling" at the Eden project, in conjunction with WOMAD event.

The task that you and your staff undertook with such good grace and unfailing energy was mammoth, its no mean feat to provide two different meals, on-going all day snacks, hot beverages and cold drinks of such exemplary quality for over 200 artists and crew.

It is often forgotten that basic sustenance is a vital part of any successful project, without which energy levels fall, tempers are frayed, and a general malaise spreads through the event very quickly. This was certainly not the case and everyone concerned were lucky enough to have been catered for by your excellent company, for which we are very grateful. Also, when I say "basic sustenance", that is merely a term as the food you provided on every level was by general consensus of all concerned superb.

I would like to think that WOMAD would be able to call upon you again in the future, and I personally look forward to that time.

My very best wishes

Jane Martinez
